Customs Broker – International Logistics

RE; C-TPAT

Customs – Trade Partnership Against Terrorism

To Whom It May Concern;

As a Customs Broker actively involved in the import business on a daily basis we have joined Customs & Border Protection in the fight against terrorism in the public/private program known as “C-TPAT”, Customs – Trade Partnership Against Terrorism. We encourage you to consider becoming involved as well.

C-TPAT is a partnership formed between the public sector (Customs & Border Protection) and the private sector (the trade) to actively engage security concerns not only here in the USA but throughout the entire international supply chain. By securing our international supply chains from point of origin to point of destination Customs and importers alike can ensure a safer America and a safer world for all of us.

Many, many companies have already become C-TPAT validated, more are currently in the process to become validated. I encourage you to log on to our website, www.ndcunningham.com, and explore the C-TPAT section and learn more about this valuable program. The benefits afforded to importers who are validated by CBP are worth the effort of membership.

Please contact us should you want more information about the C-TPAT program.

Sincerely,

Martin H. Cunningham
